It all started a

Good work,

It was like a secret ...

"Wasn't it  
the first?"

"Isn't it  
absolutely obvious?"

"Yes, but I don't  
believe it."

"Maybe he  
was lying to me."

"Women tend to like  
men who make  
very little sound."

"How can you  
call it 'little' when I cut my  
throat and  
nursed my  
wound?"

하하,  
영영영,  
영영영! 어?  
당금?!

영영!

영영

If you didn't always  
want to be a night  
club, I wouldn't have  
to do this, you know,  
no?

I am sorry,  
Jinhye can  
not enter  
here.

Hey, my  
girlfriend is  
here for my  
mom!

That's  
not my  
girlfriend!

영영

That's a  
woman I  
love!  
That's  
my!

What's wrong  
is wrong  
to have it!

Are you do know  
that you have the  
option to choose  
the lifestyle or  
lifestyle as your  
parent in such  
cases are

that I need you to  
be my wife  
that you need  
all men

하하  
하하

No, I am... something  
other you.

Mister Rvenec.

하 하 하 하 하

Can't  
you  
stand  
for  
two  
years?

My brother is a  
thug, so the  
clothes aren't in  
prime condition.

But I picked the  
frank ones.  
Pick them up  
and use it.

Thank you,  
Mr. Kraus!

No problem,  
Mr. Kraus.

Are you making fun of me as well?

NO~ NO~

It just came out, sorry.

And you say the same thing as mine.

하하하

But you should be able to avoid unnecessary conflicts now.

You understand you.

Now I won't be treated as a body and will be seen as a novel's character without flaws there.

But it's those number banners who were the pains in the end...

Your thinking still is exactly good.

The counting giving me problems like ever since I had the hair cut, he seems to regard me as his little brother.

Ever since I had the hair cut, he has been getting my head a lot.

Mr. Brooks?

Wouldn't you  
trust?  
Wouldn't you trust?

Would he put me with  
it's hard, but?  
What's wrong with  
you? You look scary

What's wrong  
for him for  
a year now.  
I am sure that  
you will not  
be more

The sound here  
all this happened  
(Chances are,  
in other words)

He never goes  
back to his bed  
unless he has  
died a changed?

When he was dirty  
ghosts his usual 48-minute  
showers turn a cut-off  
to two hours.  
And he always always  
washes his face  
3 times a day.

That is not to take?  
And how do you  
know so much  
so well?

Anything for someone  
like him to touch  
someone's hand —

With bare hand, mind you,  
and no gloves in addition

What...

Could it be  
that —

Maybe —

His *Myosotis*  
is named ?

When can  
I do more ?

his pure white hand ...

That rests down on  
my head gently ...

He gently  
places his hand  
on mine ...

His hand feels  
warm ...

What does he  
see in me ?

You're under the  
special treatment

Special treatment?

Yeah, right.  
He's the strong  
one. He's a kid.

And I'm fully  
grown adult  
woman.

Why does he put me?

스/크/아.

Hehe...

Yuna?

A dog...

It was quite smart and was from a rare breed.

But it had to be sent away because the count gave it both too many times and wanted it taken harder.

A hunting dog the count used to have.

No color...

Oh, yes, nearly the year first help's taken.

Ugh...

쿵 쿵 쿵

He used to bring me the old, brown, tracking dog like a dog before!

후후

Well?

Who knows.  
Sleep talking  
maybe.

You looked me, up?

You just can't let  
it go like that?

But you started this.

Well then.

When you catch  
my hair next time,

When you find  
I am fully awake.

I prefer  
that way.

Either.

Oh, well—

I've decided that  
I am going to visit  
night clubs where  
women are also  
allowed.
